Experience

Northwestern University – Financial Assistant, Alumni Relations   2016 - present

- Create/update onboarding materials, job aids & business resources for retention of current policies and procedures. Train new hires on policy/procedure and timecard/accrual system.
- Used Peoplesoft & BI systems to compile/analyze travel data, built excel travel calculators to support zero-based budget planning, and updated compliant travel spending limits for regional trends & inflation.
- Manage vendor contract workflow and correspondence, advise collaborators of liability requirements and necessary documentation, review and route to appropriate signatories.
- Approve high volume of financial transactions, provide timely budget reporting and financial support for over 35 chart strings.
- Managed responsibilities and initiatives while supervisor was on leave for nearly 6 months.

The Malnati Organization – Waitstaff / Trainer   2013 – 2016

- Updated antiquated training materials and developed benchmarking requirements for trainers/trainees.
- Set up new server station and designed layout for efficient workflow after restaurant renovations.
- Developed excellent rapport with staff and clients, as proven by returning customers, yelp reviews, and a tip average above that of peers.

Education

Northwestern University Coding Bootcamp, 2017

Columbia College Chicago, B.A. Music Composition, 2013
